

Kiskatinaw Ecological Society

Box 908, Dawson Creek, British Columbia, V1G 4H9

MISSION STATEMENT

To enhance the various ecosystems of the Kiskatinaw River Valley in the Peace River Country of British Columbia.

To honor and preserve the memory of Mark Ernest Nimitz, who so greatly loved the outdoors and the animals of the Kiskatinaw River Ranch.

PLAN OF ACTION

We anticipate that we shall be able to accomplish our mission statement by pursuing the following plan of action:

- To advance the philosophy that agriculture is and will remain a vibrant and important component of Valley economic Activity.
- To help society at large realize the valuable component of the total South Peace community's fabric that ranchers, farmers and other rural residents of the Valley represent.
- To offer leadership in promoting and implementing the Best Management Practices protocol (by a significant number of Valley Ranchers & Farmers) by offering Holistic and Sustainable advisory services and information on our Website.
- To identify, insure access to and preserve sources of potable water and agricultural water for all rural residents of the Valley; plus, other bonafide users involved with renewable resources residing outside the Valley Boundaries proper
- To seek out like minded and compatible groups to work together with who will support and endorse our Society's activities regarding potable water and soil conservation, sustainable environmentally and good ecological practices. And thus make our society a stronger entity.

2011 ACTIVITIES

These activities are all undertaken and accomplished by the volunteer activity of our members and supporters, thus we are moving slowly towards achieving our goals.

- Website expansion and user friendly improvements are underway, as you read this. The KES Working Group created at the Annual General Meeting 2010 has spawned a high tech working group – Michael Nimitz, Jen Bailey, Connor Dixon, Jon Gaudet. A Facebook page is being created and will have a high profile relative to the website. A Discussion Forum to be monitored by Michael is in the process of becoming part of the Kiskatinaw Ecological Society Website interactive services effective May 2011. Quality of content will continue to be a high priority on our website.
- Memorial Trail Ride (to honor the memory of Mark Ernest Nimitz) July 30,2011 Saturday from noon until 3:00pm at Kiskatinaw River Ranch. This will follow a Cowboy lunch of Frijoles Beans and Ranch Beef Chili, Campfire coffee and other assorted Western delicacies. Everyone is Welcome.
- Australian Landcare; US Natural Resources Conservation Services; Canadian Growing Forward Workshop (In Planning Stages) July 29,2011 Friday 10:00 – 2:00pm (Tentative Date) Kiskatinaw River Ranch. Preregistration Required.
